This interest subvention will be calculated on the loan amount from the date of disbursement/drawal up to the date of actual repayment of the loan by the farmer or up to the due date of the loan fixed by the banks, whichever is earlier, subject to a maximum period of one year. The applicable lending rate to farmers and the rate of interest subvention for the financial year 2024-25 will be as follows:

This benefit would not accrue to those farmers who repay their agri loans after one year of availing such loans.

In the state of Rajasthan Patta for Abadi Land for residential purpose are being issued by the Gram Panchayat and not the property card specified in the SVAMITVA scheme.

SLBC Rajasthan has sent letter for addressing the concerns raised through respective departments, mentioning that this is adversely affecting the Credit Growth in Rural Areas which can further improve CD Ratio of the State and further facilitate Banks for serving the underserved strata of the society.

The State Government has made necessary amendments in the terms and conditions of Form XXIII-A and Form XXXIII-B of the leases issued in the State vide Gazette Notification dated 17.01.2025, as a result of which these leases have become valid and mortgageable, so that they can be accepted as collateral for granting loans under the Svamitva Scheme.
